

# ProxPass®

## Long Range Proximity for Vehicle Access Control

### Application

The ProxPass is an active tag specifically designed for vehicle access control. Providing convenient access control for parking and fleet management applications, ProxPass is an ideal augmentation to an existing or new HID proximity installation. It can be encoded with most HID formats and numbering systems used by HID proximity cards, including the Corporate 1000 format.

### Features

- Provides a six to eight foot read range.
- Velcro backing attaches easily to interior of vehicle windshield.
- Attractive, durable sealed case.
- Compatible with MaxiProx® reader and all HID card formats up to 37 bits.
- Two to five year battery life, depending on usage.
- Competitively priced as compared to VHF vehicle tags.

## Features

### Description

Long range active vehicle tag, customer specified ID numbers.

### Options

External card numbering

### Easily administered

A cross-reference list correlating the external card number and the programmed ID number provides easy system administration. (Cannot be used with ProxProgrammer®).

### Security

Up to 37 bits (over 137 billion unique codes).

### Long life

Dual battery design and low current draw allows two to five years with typical usage.

### Durability

Rugged, UV-resistant, sonic-welded polycarbonate case is also weather resistant.

### Warranty

Two year warranty. (See complete warranty policy for details).

## Specifications

### Typical maximum\* read range using MaxiProx® reader

6 feet (1.9 m) to 8 feet (2.5 m)

\*Depending on local installation conditions.

### Mounting location

Interior windshield, driver's side, upper or lower corner

**Note:** Ideal mounting location is on interior windshield glass.

Mounting on metal will degrade performance.

### Dimensions

3.61" x 2.66" x 0.30" max.  
(91.6mm x 67.5mm x 7.6mm)

### Operating temperature

-22° to 185° F (-30° to +85° C)

### Environmental

5 – 95% RH, non-condensing  
(Not for marine usage)

(Please see "How to Order" guide for a description of the options and associated part numbers). LIT1351DS 5/00; supercedes 1/00
