

Pocket Tag™

Wiegand Access Control Tag

Pocket Tag™

The all-new Wiegand Access Control Pocket Tag is the latest offering in swipe technology for use with all Wiegand Swipe, Epic, and Turnstile readers. Small enough to fit in your pocket, it's the most convenient of all Wiegand media to use and still offers all the security benefits of Wiegand technology.

The Wiegand Pocket Tag is virtually impossible to counterfeit and cannot be altered. Any attempt to reach the code strip destroys the tag. For further security measures, the embedded Wiegand code strip provides up to one trillion possible codes.

The Pocket Tag can be custom printed with multi-colored artwork or external card number.

Wiegand Technology meets virtually all access control industry requirements. The Wiegand Pocket Tag is a strong yet flexible media resistant to breaking and is extremely reliable even in the most severe environments.
