Network camera KNC-D410

KOCOM KNC-D410 is a stand alone **NETWORK CAMERA** server which delivers crisp real time videos at a rate up to 30fps at D1(720x480) video format over the TCP/IP NETWORK. **No PC** is required to transmit full frame of video over TCP/IP network. Thus, once an IP is assigned to the server, you can access cameras through standard Web browser over the LAN or Internet at anytime **anywhere**. **KOCOM KNC-D410** enable you transmit DC power over the Cat. 5 Lan cable for **easy installation**. So, without an expensive coaxial cable or complicated power line, anyone can set up the **KOCOM Security Camera** using a lan cable. **KOCOM KNC-D410** supplies **high quality CCD(Sony Super HAD)** images like 41,000 pixels, **D1 level (720 x 480)**. KNC-D410 supplies the perfect moving images (**30frames/sec**) by network transfer rate, 10Mbps/100Mbps Built-in **Motion detection pre/post alarm buffer**, RS-232/RS-485 interface, and advanced alarm notification interface for given software.

Item	Specification
Model Name	KNC-D410
Remote Management	Configuration and system log can be accessed via Web browser, using Internet Explorer 6.x and above.
Protocol	TCP/IP, HTTP, SMTP, FTP, NTP, DNS, DHCP
Networking Application	DDNS support with several popular DDNS servers, SMTP client, FTP client, HTTP server.
Ethernet	10 BaseT or 100 BaseT Fast Ethernet
Video Algorithm Supported	D1 / VGA / CIF / QVGA / QCIF Resolution
Security	Administrator and user group protected Password authentication
LED Indicator	2 Status indicators 1) Power 2) Link status
Camera Specification	- 1/3" Sony Super HAD CCD - AGC/Manual Gain Control Min/Max - AWB Control /ATW - Auto-Iris Shutter Speed : 1/60 ? 1/100,000sec - Min. Illumination F1.2, 0.5 Lux
Power	- 18VDC 1.0A, external power supply. - Power over Ethernet support.
Dimension	159mm(L) x 131mm(W) x 145mm(H)
Viewing System Requirement	- Protocol : Active X - Operating system : Microsoft Windows XP, 2000, ME or 98SE - Browser : Internet Explorer 6.x or above
